Testimonials

Excellent template, first time I have ever bought one and am loving using it. Finding it very easy to customize with the organized layers and cant wait to put it into a Wordpress Theme...

- jonpedlow on Elvyre Professional Corporate PSD Template

Best customer support and response time I have ever seen... not to mention a kick ass theme! Great feeling from this purchase.Thank you Pixel Industry!

Keith Hopkins, company ltd.

Our core values

- Simple and clean construction template**
Hammer is a simple construction website template with subtle animations and professional looking design. It comes with all the options you may need for your construction company website.
- Unlimited color options plus predefined color combinations**
- Appropriate for small and large construction companies**
- Fully responsive and retina ready layout**
